## A Message to Parents

We require, for most programs, that children involved be the required age as of the date of the first class. All age requirements are set to benefit the child and make instruction more consistent for the program instructor. In some instances, the requirements have been set for the child's safety. Note: Registration by Internet or phone will be accepted only if the child is the appropriate age at the time of registration. If your child does not meet the age requirements by the start of class, please register by Fax, mail-in, or in person.

In case of an emergency or inclement weather, call 240-314-5023 for a recorded message.

## Preschool Classes

We Love Parents But...In order to assist us in offering a quality program for your preschooler, we ask that you do not remain at the class unless it is otherwise stated in the description. Experience has shown that preschoolers are easily distracted due to their short attention spans. Thank you for your cooperation. Registration deadline for all activities is two weeks prior to the start of the class unless otherwise noted.
